## About this Aircraft

The Falcon 2000LXS is a large-cabin aircraft with a range of 4,000 nautical miles, enabling nonstop travel between major domestic and international city pairs. Powered by two Pratt & Whitney PW308C engines and featuring a wing design with blended winglets, the aircraft delivers efficient performance and fuel economy while maintaining the ability to operate effectively on shorter missions.

The cabin features the preferred 10 passenger seat configuration. The cabin offers extraordinary comfort, featuring a stand-up height, a wide cross-section and in-flight accessible baggage.
