INTERIOR

This well-maintained interior was refurbished in 2012. It has a 9-passenger interior featuring a four-place club arrangement in the forward cabin. The aft cabin has a berthable divan opposite two club seats.

The cabin has beautiful earth tones with individual chairs completed in light tan colored leather complimented by a divan. A new carpet was installed in 2018. It is tan with a geometric line pattern in colors of dark brown and light cream. Interior finishes include brushed nickel colored plating complimented by medium toned high-gloss cabinetry throughout.

The forward galley has a left-hand crew closet and is fully equipped. A full-size galley pocket door separates the cabin for improved privacy and a quieter environment. The fully enclosed, private lavatory is in the aft cabin with an electric flushing toilet that is serviced externally. The spacious baggage compartment is accessible in-flight through a door in the back of the lav. The 3rd flight deck seat also has a storage drawer.
